;;
All:

Myself, Carl and Tim met with WYDEQ this morning to gather more information about their drill rig engine permits that have been issued in the UGRB ozone nonattainment area. Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

In addition, the general conformity exemption regs. state that the exemption is only available for **stationary** sources. WYDEQ's drill rig permits do not consider drill rigs as stationary.

Without going into the weeds here, in talking with WYDEQ on the call today, their position is that their drill rig permits are suitable for an exemption from general conformity. Ex. 5 - Deliberative Process
